

## Transilvania Electric Fest is cancelled

We regret to announce the cancellation of the Transilvania Electric Fest, originally scheduled for September 2nd and 3rd, 2023.

The main factor behind this decision is the lack of interest in Romania for such an event. We believe in delivering an exceptional experience that resonates with our audience, and given the current circumstances, it has become clear that we cannot achieve this goal.

We understand and share your disappointment, and we sincerely apologize for any inconvenience this cancellation may cause.
